There is a large literature on the effects of the 1997 Asian crisis on the real economy. But apart from the impact on the real economy, the literature has not paid much attention to the impact of the crisis on the financial system. This paper examines the impact of the Asian crisis on the financial system in Hong Kong. It is found that the Asian crisis has had a significant impact on the financial system in Hong Kong. The impact is mainly in the form of a decline in the value of the Hong Kong dollar and a decline in the value of the Hong Kong stock market. The impact is also in the form of a decline in the value of the Hong Kong real estate market. The impact is also in the form of a decline in the value of the Hong Kong financial system. The impact is also in the form of a decline in the value of the Hong Kong financial system.

There is a growing body of research that suggests that the use of the Internet in the classroom can have a positive impact on student learning. This research is based on the idea that the Internet provides a rich and varied learning environment that can be tailored to the needs of individual students. For example, students can access a wide range of resources, including text, audio, and video, and they can interact with these resources in a variety of ways. This can help to improve their understanding of the material and their ability to apply it in real-world situations.

Luisita toll doesn't need gov't OK, says P-Noy uncle

MANILA, Philippines — A proposed toll on the Luisita Expressway, which would bypass the existing NLEX, does not need government approval, according to a statement from the P-Noy administration.

The statement, issued by the Department of Transportation (DOTr), says that the toll is a private initiative and that the government has no role in it. It also says that the toll is necessary to fund the construction and maintenance of the expressway.

The statement was issued in response to a report that the government was considering the toll. The report said that the government was planning to build a new expressway that would bypass the existing NLEX, which is congested and outdated.

The statement says that the toll is a private initiative and that the government has no role in it. It also says that the toll is necessary to fund the construction and maintenance of the expressway.

Smuggling BOM grafts dismay President in Davos

MANILA, Philippines — President Benigno Aquino III expressed his dismay over the discovery of a massive smuggling operation involving the Bureau of Customs (BOM) and the Bureau of Internal Revenue (BIR).

The president said that the discovery of the smuggling operation was a major blow to the country's economy and that it was a clear indication of the extent of corruption in the government.

The president also said that he was determined to take action against the corrupt officials involved in the operation and that he was committed to reforming the government.

Lim takes Isko, council to court over tax breaks

By Jhon Reyes **Manila** — Metro Manila Mayor Lim Isko has filed a lawsuit with the Department of Justice to force the Metro Manila Council to pay him the P100-million tax break that he claims is his by right. The lawsuit was filed on Monday in the Department of Justice's Office of the Solicitor General. The suit is the latest in a series of legal battles between Lim and the council over the P100-million tax break that he claims is his by right. The council, however, claims that the break is for the Metro Manila Development Authority (MMDA) and not for Lim personally. Is investing in a franchise a sure success opportunity?

LEARN MORE: If you're considering investing in a franchise, it's important to do your homework. Here are some key factors to consider:

- Research the Franchise:** Look into the company's history, reputation, and financial health. Read reviews and ask for references.
- Understand the Market:** Determine if there is a demand for the product or service in your area.
- Calculate the Costs:** Franchise fees, royalties, and other expenses can add up. Make sure you have enough capital to cover them.
- Get the Franchise Agreement:** This legal document outlines the terms of the partnership. Read it carefully and consult with a lawyer.
- Visit Existing Franchises:** See how they operate and talk to the owners about their experiences.
- Consider Your Own Skills:** Do you have the experience and skills needed to run a business?
- Think About Your Exit Strategy:** What happens if you decide to sell or leave the franchise?

Franchise Fees: Most franchises charge an initial fee to join the network. This fee typically covers the right to use the franchise name and access to training and marketing materials.

Royalties: In addition to the initial fee, many franchises require ongoing payments called royalties. These are usually a percentage of the franchisee's sales.

Marketing Costs: Franchisees often have to contribute to a collective marketing fund or cover their own local advertising expenses.

Training: Most franchises provide initial and ongoing training for their franchisees to ensure they are running the business correctly.

Support: A good franchise will provide ongoing support, including field training, operational assistance, and access to a network of other franchisees.

The 2006 film *Thirteen* is a powerful and honest portrait of a young woman's journey from adolescence to adulthood. It's a story that resonates with anyone who has ever felt like an outsider, or who has ever struggled to find their place in the world. The film is a masterpiece of storytelling, and it's a testament to the power of cinema to inspire and educate.

Penshoppe's latest campaign channels the jetsetting life

The Singaporean fashion brand Penshoppe has launched its latest campaign, "Jet. Set. Style.", which is a nod to the jetsetting lifestyle. The campaign features a group of models in a runway setting, with a large white sphere in the background. The models are dressed in a variety of styles, from casual to formal, and are posing in a way that suggests they are on a journey. The campaign is part of Penshoppe's ongoing effort to create a lifestyle brand that resonates with its target audience.
